SWINDLED THE MEXICANS.
CITY OF MEXICO, March 28.—Ignacio Galvan, a young Spaniard, who came here from New Orleans, has been arrested and put in Belém Prison on a charge of swindling. He had realized a profit of several thousand dollars in this city. He brought with him a large sum of gold coins which were well secured in New Orleans. He found no difficulty in pawning these off on the smaller shopkeepers of the city as American money. He then resorted to swindling in Lincoln. His arrest was brought about through an American locomotive engineer who saw the man in the street and recognized him as the worthless scoundrel. When arrested, Galvan had \$200 in these bills in his pocket and a large quantity in his trunk. He had been to Chico, but his clothes were stolen while on the train, and I am cutting across to go to Mr. Hudnut's (a druggist) at Hanover."

The man had on a gray pair of pants and shirt, such as you may wear in Jackson prison. He was a long one and it was much too large for him and looked out. His hat was a worn-out slouch, and he had a pair of old felt boots on his feet. Soals asked him to breakfast and ate a hearty meal. When he left he went across the fields, instead of taking the road down to Horton. Soals says that since seeing Latimer's picture he is sure he is the man who ate breakfast with him.

Full inquiry at the prison indicates that if the man seen near Horton was Latimer he secured the coat, slouch hat and felt boots outside the prison. There is no clothing missing there. It seems certain that Latimer stole five \$5 gold pieces from Haight's pocket at the time he secured the keys. Mrs. Haight says her husband had them when he left home. They were not found after his death.

Major General George W. Haight died from the effects of prussic acid. That fact is settled. Dr. Kimball, who took the two vials from Latimer in the prison and the stomach of Haight to Anne, found an analysis came home this morning. Dr. Kimball said that Dr. Vaughan's assistant, Dr. Novi, who was the first to analyze the contents, said that they both contained prussic acid. It was undoubtedly in diluted form, and that was the reason it was so slow in acting. The full strength of the poison which is instant in its action. The result of the analysis of the stomach will be completed this afternoon.

From a book found in Latimer's cell and passages marked in it, it is certain that he has been reading up on poisons and their uses. The book was a long one and it was much too large for him and looked out. His hat was a worn-out slouch, and he had a pair of old felt boots on his feet. Soals asked him to breakfast and ate a hearty meal. When he left he went across the fields, instead of taking the road down to Horton. Soals says that since seeing Latimer's picture he is sure he is the man who ate breakfast with him.

FATHER KUHLMAN RESTORED.
The Former Editor of the Church Progress
Gets a Favorable Decision.

Rev. Fr. Kuhlm, the former manager of the Church Progress and Catholic World of this city and the pastor of a church at Mitchell, Ill., who was suspended by Bishop Ryan of Alton, Ill., will return to St. Louis shortly after Easter, restored to his priestly function.

He has been in Rome for over a year and when his case was heard he obtained a favorable decision. He will not, however, be restored yet to the general body.

Fr. Ahne Here.

Rev. Fr. Ahne of Bayonne, N. J., one of the principals in the dispute over the pastorate of the Catholic Church in that village, was in the city a few days ago. He announced his intention to suffer suspension rather than to obey the orders of Mgr. Satolli to preach in English.

TO OPEN THE STRIP.

The Cherokee Chief Recommends That
the Cherokee Council Consent.

TALEQUAN, I. T., March 28.—The Cherokee National Council commenced business this morning by properly organizing both branches of the Legislature. The Chief sent his message to the Senate immediately upon being notified of the fact that that body was ready for business. His message was read without delay and contained many good points, especially that portion recommending an early ratification of the congressional amendment to the strip bill. The chief also said that he had received propositions from New York bankers offering to pay a good premium for the option on the deferred payment certificates of \$5,000,000 and \$10,000,000, and appointed a Republican committee to direct the political allegiance of the leave. The Cherokee members were in consequence of this, with the Democratic members who were troubled with some misgivings.

The wheelmen of the South End are very much in favor of the strip bill, and the Republicans are in favor of the amendment, or rather the Republican portion of the committee which has sent out the following card to the wheelmen of the city:

"The wheelmen all want good streets and taking into consideration the numbers and the expense of paving, we are willing to promise to make a strong body in politics. The Wheelmen's Political Association is organized in a similar way with the object of securing promises from candidates in the city election, April 4, of supporting the candidates who promised most. A number of wheelmen are to be appointed to sound the candidates with A. C. Davis as Chairman. So great was the enthusiasm of the wheelmen in their desire for good streets, that they have taken the lead in the movement, and have a right to be heard.

Upper Marlborough, Md., March 28.—Southern Maryland is again wildly excited by the murder of a white man. On Tuesday Francis E. Bowe, a millionaire in Lower Prince George's County, was at Marlborough on business. Early on Sunday his horse was found in the stable yard with the saddle cloth clothe with blood. Search was made and his throat was cut. His gun which had been left in the stable was missing. Late in the afternoon John Wesley Johnson, a colored man, was arrested on suspicion. He made a desperate effort to escape. He was not noticed, but his clothing is spattered with blood.

KILLED BY MOONSHINERS.

RALEIGH, N. C., March 28.—Gov. Carr has offered a reward of \$1,000 each for the capture of George Whitt of Buncombe County and Simon Moore of Bladen County, who are wanted for the murder of Deputy United States Marshal C. B. Brooks and Moore is sought for the killing of Scott Brown.

The statement submitted to the Governor by the Federal authorities shows that Deputy Marshal Brooks made a gallant fight for his life before he was overcome by his enemies. He was beaten John Lewellen, a moonshiner, and was taken blind to the nearest town, where White, Lewellen's father, and his mother, Mrs. Lewellen, a widow, were found. Some twenty shots were fired and the marshal fired his gun down. Patillo was killed outright and the marshal received a bullet which caused his death next morning. John Lewellen was arrested and is now in jail. White and the senior Lewellen escaped and are supposed to be hiding in the Tennessee mountains.

SENTENCED TO PENAL SERVITUDE.

LONDON, England, March 28.—James W. Hobbs of J. W. Hobbs & Co., Henry R. Hobbs, and George Wright, solicitors of Newman & Co., were yesterday arraigned for sentence upon conviction of having been concerned in defrauding the Liberator Building Society by obtaining large sums of money from that society under false pretenses. Hobbs and Wright were each sentenced to penal servitude for twelve years, and Newman, whose share in the frauds was less conspicuous, was sentenced to penal servitude for five years.

James Spencer Balfour, formerly Liberal M. A., for Burnley, was implicated in the Liberator transaction and is now a fugitive from justice.

WEST PLAINS CRIMES.

WEST PLAINS, Mo., March 28.—Mrs. Della Crow, the mistress of W. A. Payne, who is in jail on the charge of beating his daughter to death, has also been arraigned and pleaded guilty to the general opinion that she had as much to do with the beating of the girl to death as Payne did.

The people living in the neighborhood were to-day.

Killed Himself Away From Home.

NEVADA, Mo., March 27.—Robert Burns, aged 40, a prominent farmer residing near Mulberry, Kan., came to Clayton, this county, and committed suicide at the Strite House. The Coroner will hold an inquest.

ELIOTT F. SHEPARD'S FUNERAL.

NEW YORK, March 28.—The funeral of Elliott F. Shepard took place this morning from the Fifth Avenue Presbyterian Church.

Before the cortège started for the church simple services were held in the late afternoon at the residence of Mrs. John J. McNamee, and only the members of the family and the pall-bearers were present.

BANNERMAN NOT DISTURBED.

MAJ. JAMES BANNERMAN did not lose any of his wonted composure when he performed a most difficult letter to Senator H. C. Krum, declining to take the stump in his behalf.

The Democratic Marquis candidate was seen at his place of business this morning. He laughed when the Krum letter was touched upon. "I am disposed to take a copy of the letter and read it to the public," he said. "Judge Krum is evidently looking at the situation through his legal spectacles, and not viewing it in a broad, simple light. In any event, the candidates on the ticket had taken exception to my public expression of views, and I have been compelled to make a public exception. But the candidates, as far as I can see, have endorsed my views and I don't see Krum's cause for complaint."

"But Judge Krum took exceptions as a member of the convention," said the Major. "He is a simpleton. He is not fit to sit in that convention. He voted and made speeches by proxy. I don't understand his position, and it don't bother me, either. It won't cost the ticket a single vote."

the employees of the New Hargraves Mill are on strike to-day. The management has been

endeavoring to adjust a difficulty about wages paid to weavers. The weavers did not receive all they asked and a committee of three was sent to ask redress of the authori-

ties. The members of the committee discharged and when the news spread through the mill, the

REPLIES TO ULSTER.

Gladstone Receives Anti-Hom Rule Delegations.

WHAT HE THINKS OF THE OBJECTIONS TO THE LIBERAL BILL.

Decline in Irish Securities and Its Cause.

The Pope Announces His Intention of Supporting and Continuing Mr. Satolli in America—Revolutionists in Hayti Encouraged.

London, March 28.—Mr. Gladstone was visited to-day by delegations from the Belfast Chamber of Commerce, the Belfast Harbor Commissioners and the Ulster Linen Merchants' Association, who addressed the Premier in depreciation of the proposition to establish a separate legislature in Ireland and represent that Irish interests would be greatly injured thereby, and that religious and racial differences would make successful home rule impossible.

Mr. Gladstone, in reply, discounted the importance of the fall in Irish securities, which, he said, doubtless arose from the fact that the majority of the property-owning classes in Ireland were opposed to home rule.

Mr. Gladstone disputed the allegation that historical jealousy existed between the members of different religious factions in Ireland, and he denied that racial divisions would prevent unity under one local government.

Mr. Gladstone referred to the Dominion of Canada for an instance of the existence of racial divisions infinitely sharper than in Ireland. There, too, there had been similar gloomy prophecies when a united autonomous system of government was proposed; but Canadian revolutionaries were declared prosperous, as to the charge that capital would be driven from Ireland by home rule, Mr. Gladstone said that, so far from there being a chronic want of money in Ireland when home rule would be established, there would, he believed, be a plethora of money for the expenses of the Government were enormously extravagant.

BAULFORD'S ARRAIGNMENT.

FIFTH MOTION TO CENSURE THE GOVERNMENT IN EIGHT WEEKS FAILS.

Lowell, March 28.—Irish affairs again occupied the exclusive attention of the House of Commons when Mr. Balfour, leader of the Unionists, made a stirring arraignment of the ministerial programme and ended by moving that the Irish should be censured for conniving serious offences for shielding law-breakers and for refusing police protection to those to whom it was due. The vigor of his attack upon the Government and his arraignment of the Irish as a people without enthusiasm and evoked much applause from the Unionist benches. He accused the Government with coqueting with amnesty and through the Evicted Tenants' Commission with encouraging tenants to disown their obligations and to treat landlords as malefactors and to give up their lands. He said that it was impossible to secure a conviction in cases of arbitrary outrages, no matter how clear the evidence, and compared the present state of these districts to an absolute reign of terror.

Mr. Morley, Chief Secretary for Ireland, answered Mr. Balfour. He directed attention to the fact that the motion made was the fifth vote of censure moved within the past eight weeks. He classified Mr. Balfour's arguments as trivial, and stated that they merely amounted to a charge that the Irish were not tried and were meeting with the committee. Grand Chief Wilkinson of the G. R. T. is expected to appear to-morrow. Information concerning will be settled relative to the proposed strike of the switchmen during the World's Fair.

Mr. Gladstone said that the present Government had as great an interest in upholding the law as any of its predecessors, but that they held different views as to the best method of accomplishing it.

Lord Randolph Churchill thought that one concession to the Irish people was invariably followed by another. He stated that it was all that the Government had to depend upon for its stability and existence.

A division was taken on Mr. Balfour's motion and resulted in a majority of forty-seven for the Government, the vote standing 319 to 272.

OF ADVANTAGE TO THE UNITED STATES.

OTTAWA, Ontario, March 28.—There is a movement in the Canadian Parliament to attach importance to the United States. The Minister of Finance announced in the House yesterday that in reducing the Canadian duties by throwing off the 30 per cent ad valorem on non-sparkling wines, Canada would not discriminate in favor of the United States generally. This will admit United States wines and certain fruits and nuts at greatly reduced duties.

The critics of the treaty in Parliament will attack the Government because the United States has not reciprocated in the same manner. The Government, which at first refused to ask the House to ratify the treaty, will, it is said, ask it on Wednesday to do so, because the refusal is prejudicing the Canadian case in the Bering Sea arbitration.

THE PAPAL POLICY IN AMERICA.

ROME, March 28.—Pope Leo to-day gave an audience to Mr. Chapelie, coadjutor bishop of a number of the Papal missions in Europe who have come to Rome to present their object, so he stated, of obtaining recruits for the Papal Missions. For this purpose Mr. Chapelie visited various seminaries in France, and afterward attended the papal jubilee. Mr. Chapelie, who attended as Secretary of the mission to the Holy See, was received by the Pope. The Pope, who is said to have come with a mission from the Board of Metropolitans. He has also expressed himself as rejoicing at the appointment of Mr. Satolli to his present post.

At the audience granted to Mr. Chapelie to-day Pope Leo expressed the hope that the University of Washington and expressed a hope that all the bishops would contribute harmoniously to assure its success. The Pope said he wished the University to remain under the direction of the episcopate.

Recalling an Old Sensation.

NEW YORK, March 28.—The suit of Joshua J. Mann, who acquired notoriety in the Robert Ray Hamilton case, for absolute divorce from Eva Hamilton, was among those of the decisions before Justice Fetter in the Supreme Court to-day. Justice Fetter

When the case was called Mr. Humpert suggested that the court might accept the case from the calendar. He said that Mann was insane, suffering from general paresis, and that the other were admitted and rejected. The trial was adjourned during the proceedings begun by Eva Ray Hamilton before Surrogate Ransom to establish her status as wife to Robert Ray Hamilton and her right to share his estate.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embodied in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

THE VENERABLE FABLE

Pocahontas Savin: John Smith's Life to Be Done in France.

SAN FRANCISCO, Cal., March 28.—Rupert Schmid, the sculptor, of this city, has been awarded the contract to model a bronze group of figures representing the historic Virginia scene wherein the Indian maiden Pocahontas saved the life of Capt. John Smith. The expense will be \$15,000 and it will be defrayed from a fund raised by contributions solely from the Smith families in the States of Virginia and New England. A descendant of the original John Smith, has been chief promoter of this unique artistic enterprise.

Some time since he asked for designs from leading sculptors of the United States, and that of the San Francisco artist has just been accepted. It is only a coincidence that the design is a slight departure from the popular conception of the memorable scene in that it presents, but three figures with Pocahontas holding a small child in her arms, and the Indian upon the prostrate Smith's head. A model one-third the size of the original will be prepared immediately to be placed in the New Building.
